

EMERGENCY PLANS

Advance planning for emergencies and disasters is essential to provide for the safety of students and staff. It also strengthens the morale of all concerned to know that preparedness plans exist and that students and staff have been trained in carrying out the plans.

The superintendent will develop and maintain an Emergency Preparedness Plan containing emergency plans that meet the requirements for preparedness in case of fire, civil emergencies, and natural disasters.

The Emergency Preparedness Plan for the district will be the official guide for the district. Policies and procedures set forth in the guide will be followed by all personnel and students.
