

## **BUILDINGS AND GROUNDS MAINTENANCE**

The Board will provide schools that are safe from hazards, sanitary, properly equipped, lighted and ventilated and esthetically suited to promoting the goals of the schools.

The superintendent will have direct supervision of the care of the school plant. She/he will be responsible to the Board for its adequate maintenance.

Each school principal will have responsibility for the school facility and grounds under his/her charge. Principals will carry on a continuous inspection of all buildings, equipment, playgrounds and playground apparatus to discover conditions that may be dangerous to the health, safety or comfort of the students or staff. The principal and superintendent will supervise the custodial staff of the school in maintaining an adequate program of school care and maintenance.

All employees, however, are encouraged to report promptly to the principal or superintendent any defects to the building or equipment that could prove injurious to the comfort, health or safety of students and staff.
